**1st SEMESTER 2017-2018**

***Programme périscolaire  
de la Petite Section au CM2  
1<sup>er</sup> semestre 2017-2018***

## **IMPORTANT CHANGE:**

EINY After School Program is open to all students from 3:30 to 6:30pm.

We are happy to inform our parents that this year, all N-5 students who are enrolled during the first session of the program from 3:20 to 4:05pm (for pre-elementary), from 3:35 to 4:30pm (for elementary & middle school) or 4:30pm to 5:15pm (for Middle School) will not pay for the first session if they stay in the program until the end of the second session.

**THE FIRST STUDY HALL/DAYCARE SESSION WILL BE FREE.** The 2<sup>nd</sup> and 3<sup>rd</sup> sessions will be charged at the regular rate.

The students who will **ONLY** stay in the program during the first session will pay the normal rate of this activity.

This offer will only be available to students who register for the full semester.

Dear Parents,

We are happy to present our brochure of activities for the 1st semester of 2017-2018. Students from Nursery through 5<sup>th</sup> grade will find a variety of fun and educational activities.

This fall semester students will have a choice of numerous activities such as art, dance, lego robotic, yoga, soccer, science, basketball, theater, and many more!

Our music program will offer piano, guitar, electric guitar, drum and ukulele lessons with Ryan Langlois, Julien Budrino, Rudolph Vernaz-Colas.

Pre-Elementary students who choose to enroll in our program will have their activities from 3:20pm to 4:05pm every day. After their activity, they can stay in daycare (*garderie*) until 6:30pm.

Third, Fourth and Fifth grade students who choose to enroll in after school activities will have mandatory study hall from 3:35pm to 4:15pm. First and Second grades may choose a first activity that will start at 3:35pm and end at 4:20pm.

The second activity will start at 4:25pm and end at 5:10pm.

Our flexible elementary program offers 4 options:

- Study hall for Grades 1-5
- Study hall with one activity
- Study hall with two activities
- Three activities

For those students staying with us after their activity, daycare is available with advanced registration until 6:30pm Monday through Friday.

**Online Registration will start Friday, August 25, 2017 at 10am and will end on Friday, September 15, 2017.**

**All extracurricular activities must have a minimum of 4 students to open.**

The after school program activities of the first semester including all study hall for grades 1-8 students will start on Tuesday, September 5, 2017 (first day of school). They will end on Friday, January 26, 2018 (18 weeks).

**Introducing the MOR-E Program for ENGLISH LANGUAGE - Grades 1-5 Students**

**Objectives:**

The MOR-E program is designed to challenge students with strong English skills and is structured to provide a differentiated curriculum for these students. It exposes students to experiences and activities beyond the regular curriculum which challenges their minds.

In the MOR-E curriculum, students will read literary works and use them as a launching point for deepening their comprehension, critical thinking, and writing skills. They complete a variety of learning activities both online and offline and may participate in individual and group projects.

**Goals :**

- Expose students to more experiences and activities beyond the regular curriculum which challenge their minds.
- Develop critical thinking skills, creative thinking skills and problem solving strategies
- Encourage independent decision making on logic
- Foster effective communications skills through persuasive speaking and writing
- Promote risk-taking by providing, non-graded environment
- Develop abilities to self-evaluation their own learning

**Subjects Taught:**

- Reading
- Writing
- Math
- Science
- Social Studies

**Materials Used:**

- Chromebooks for research or writing documents
- Literature - Novels, Fiction, Nonfiction, TIME for Kids News

**MOR-E Program Description: 2 GROUPS**

**GROUP 1: Grades 1, 2 & 3 – Monday From 3:35-4:30pm**

**Current Events:** Introduce students to the 5 Ws found in most news stories. Invite students to talk about the *who, where, when, what, and why* of the story. They will circle or highlight and label the areas of the story that tell each of the five Ws. Students can underline each of the five Ws with a different colored crayon, labeling each part and put in a 5W graphic organizer.

**Reading:** Students will read in different genres answering reading comprehension questions to reinforce skills such as: inferencing, finding the main idea and supporting details, drawing conclusions, sequencing, analyzing character and the like.

**Math:** Students will be able to identify different operation “buzz” words for addition, subtraction, multiplication and division to solve different word problems, as well as explain their thought process to solving the problems.

**Writing: Interdisciplinary Social Studies, Art and Science:** Students can write creative nonfiction stories utilizing the Social Studies, Art and Science materials that they encounter. Students can engage argumentative writing: example: making an advertisement, letter to their parents, letter to their favorite author.

**GROUP 2: Grades 4 & 5 – Tuesday From 3:35-4:30pm**

**Current Events:** Students will become news reporters. They will read articles, research on the internet, write, and present news stories.

**Reading:** Students will read literary works and use them as a launching point for deepening their comprehension, critical thinking and writing skills. Students will play games such as Mad Libs to expand their grammar, usage and mechanics.

**Writing: Cross-Curricular Social Studies, Science, Art:** Using these disciplines, students will write creative fiction and nonfiction stories. In one art activity, the teacher displays a painting, and the student creates a story about the painting while using the writing process: brainstorm, draft, revise, edit, rewrite, and publish. In Social Studies, the student writes a letter to a favorite historical figure.

**Math:** Students will solve multi-step word problems and play math logic games. Students will learn the fundamentals of probability by playing dice games. Students will learn about symmetry, lines, and angles by drawing a mandala.
